ABOUTUS

INTRODUCTION

RCP COMMERCIAL PVT. LTD. is an integrated MEP engineering and interior design architecture outsourcing service provider, founded in the year 2019 by a group of experienced engineering professionals. We offer our customers an invaluable engineering expertise.

OURMISSION

Our mission is to maximise the business success of our customers by providing world class quality services in the field of MEP CAD drawings and other back office engineering tasks with experienced hands at an affordable budget.

PEOPLE

We believe that the ultimate success of any project hinges primarily on the quality of the people involved. Luckily, India has vast and experienced human resources. Our engineers& CAD operators have worked for some of the largest Engineering consulting & contracting firms .Our group of dedicated personnel are second to none.

WHYUS?

OUR SERVICES

We provides MEP engineering design, Drafting services (Mechanical, Electrical, Plumbing and Fire protection) for contractors and engineering consultants. In addition, our specialities includes value engineering, procurement assistance, BOQ preparation, estimation etc.

IMPORTANCE OF ENGINEERING OUTSOURCING

We are living in a technological era where demographic features doesn't matter. So , it would be in effectual in hiring an on board team with a higher CTC particularly for a back office activity when the same task can be done from anywhere in the world.

OUR ADVANTAGES

We have the most diverse and specialist talent covering all the engineering streams under one roof. Most of our team members have decades of working experience in complex projects in Middle-East. This specialist expertise and experience gives our clients the confidence and peace of mind and helps delivering projects to the most demanding timescales and within budget.

HOW WEWORK?

COST SAVING

We are one of the low cost MEP engineering service providers around the world. Economical labour and competitive infrastructural facilities makes our company exceptional by providing attractive packages which can reduce the overhead cost significantly. In comparison to recruiting permanent employees in a GCC company, hiring us for your back office engineering tasks can consistantly save cost.
